NOW THEREFORE, I hereby **ORDER** and **DIRECT**:

1. That the Owner immediately close the above noted premises.
2. That the Owner immediately undertake and diligently pursue the completion of the following work in and about the above noted premises, namely:

- a. Complete any necessary repairs, adjustments and/or corrective measures, including treatment of the wading pool to eliminate any possible source of contamination and then chemically balance the whirlpool water.
 - b. Submit a bacteriological water sample to the Provincial Laboratory.
3. That until such time as the work referred to above is completed to the satisfaction of an Executive Officer of Alberta Health Services and the water sample referred to as item 2(b) above is shown to be of satisfactory microbiological quality, the above noted premises shall remain closed.
4. That until such time as the work referred to above is completed to the satisfaction of an Executive Officer of Alberta Health Services; the above noted premises shall remain closed.

The above conditions were noted at the time of inspection and may not necessarily reflect all deficiencies. You are advised that further work may be required to ensure full compliance with the Public Health Act and regulations, or to prevent a public health nuisance.
